TO OUR CUSTOMERS

TERMS, CASH. C. O. D. orders must be accompanied by 50% of the amount.

ERRORS AND OMISSIONS. We try our best to give satisfaction. Mistakes will sometimes occur however, and on being notified, we will gladly rectify them.

ORDERS will be filled subject to stock on hand.

GUARANTEE. We do not guarantee stock which is not planted by us, as this is dependent so much on the planting, treatment and other factors, which are outside of our control after the plants leave the Nurseries. We exercise great care to send out only clean, healthy plants, true to name. If plants do not appear satisfactory upon delivery, please notify us at once, so that the complaint can be remedied.

NEVERTHELESS it is understood and agreed that should any stock prove untrue to name, Colby Nurseries shall not be liable for a greater amount than that originally paid for the stock which may prove untrue.

CLYDE COLBY, Proprietor.

LANDSCAPE DEPARTMENT

WE MAINTAIN a large staff in this department for the convenience of our patrons who desire assistance in planning and planting the grounds of new homes, or remodelling the grounds of their present homes. We are equipped to handle any landscape work whether the job be large or small. One of our representatives will be glad to call and talk with you regarding your garden problems, and we will gladly submit plans and estimates for any landscape work which you may contemplate.

Plants for Immediate Effect

We carry in stock a large assortment of specimen shrubs, trees, and palms established in boxes, which may be planted at any season with assurance of success. Prices on application.

Coniferous Evergreen Trees

***Cedrus atlantica*.** Mt. Atlas Cedar. No. Africa. Large pyramidal tree. A stately tree when it reaches maturity. 2 to 3 ft., \$2.00; 3 to 4 ft., \$3.00.

***Cedrus atlantica glauca*.** The blue variety of *Cedrus atlantica*. A beautiful tree in the proper surroundings. Prices on application.

THE DEODAR

***Cedrus Deodara*.** Deodar. Himalaya Mts. of India. A magnificent tree of graceful pyramidal form and a rapid grower. 2 to 3 ft., \$2.50; 3 to 4 ft., \$4.00.

***Cupressus arizonica*.** Arizona Cypress. Tall, slender, pyramidal tree, silvery blue foliage. Very hardy. Flats, \$2.50; 1 gal. containers, 50c; 5 gal. containers, 4 to 5 ft., \$1.50.

***Cupressus Lawsoniana*.** Lawson Cypress. A beautiful, tall pyramidal growing tree of graceful outline and slightly drooping branchlets, grayish green in color. 2 to 3 ft., \$1.50; 3 to 4 ft., \$2.50.

***Cupressus Lawsoniana Alumii*.** Blue Lawson Cypress. Compact symmetrical habit of growth. Very glaucous foliage with distinct bluish color. 2 to 2½ ft., \$2.50; 2½ to 3½ ft., \$3.00.

***Cupressus macrocarpa*.** Monterey Cypress. One of our best known native trees, of rapid growth. Good for tall compact hedges. Flats, \$2.50; 1 gal. containers, 50c; 5 gal. containers, \$1.50.

***Cupressus sempervirens fastigiata*.** Italian Cypress. A tall slender, columnar shaped tree of rapid growth. One of the most widely used trees. Seedling type. 1 gal. 50c; 4 to 5 ft., \$1.50. True compact type from cuttings. 4 to 5 ft., \$2.50; 5 to 6 ft., \$4.00.

***Juniperus bermudiana*.** (barbadensis.) Erect conical shaped tree with stouter branches than *Juniperus virginiana*. Closely set branchlets with light green foliage. Balled, 2 to 3 ft., \$1.25; 3 to 4 ft., \$2.50.

***Juniperus chinensis*.** Chinese Juniper. Compact, pyramidal tree with gray green foliage. Balled, 2 to 3 ft., \$2.50.

***Juniperus chinensis albo-variegata*.** A variety of the above with beautiful creamy white markings. Balled, 2 to 3 ft., \$3.00.

***Juniperus chinensis Pfitzeriana*.** Pfitzer's Juniper. A graceful spreading variety, with bluish green foliage. Very attractive. Balled, \$1.50 to \$5.00.

***Juniperus chinensis procumbens*.** Creeping Japanese Juniper. A prostrate variety with dense gray green foliage. A fine ground cover. Balled, \$1.50 to \$5.00.

ARIZONA CYPRESS

***Juniperus communis depressa*.** Low growing widely spreading Juniper with a graceful head of silvery, blue green foliage. Balled, \$1.50 to \$5.00.

Juniperus communis hibernica. Irish Juniper. A variety of slender columnar form. Resembling Italian Cypress in habit but not so tall in growth. Balled, 2 to 3 ft., \$1.50; 3 to 4 ft., \$3.00.

SEQUOIA GIGANTEA

Juniperus excelsa stricta. Asia Minor. A desirable compact type of conical form, with gray-green glaucous foliage. Balled, 2 to 3 ft., \$3.00.

Juniperus Sabina. Savin Juniper. Spreading growth, dense dark green foliage. Balled, \$1.50 to \$5.00.

Juniperus Sabina prostrata. (horizontalis.) A fine low growing variety of the above with silver gray foliage. Balled, \$1.50 to \$5.00.

Juniperus Sabina tamariscifolia. A prostrate type having bright graceful foliage of a gray-green color. Balled, \$1.50 to \$5.00.

Juniperus virginiana. Red Cedar of Virginia. A pyramidal tree with slender foliage which assumes bronzy tints in Winter. 2 to 3 ft., \$2.50; 3 to 4 ft., \$3.50.

Libocedrus decurrens. Incense Cedar. Tall, compact, conical shaped tree with dark green foliage. One of our finest trees. 2 to 3 ft., \$2.50; 3 to 4 ft., \$3.50.

Pinus canariensis. Canary Island Pine. One of the most beautiful pines; the long pendent needles giving it a graceful appearance. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Pinus halepensis. Aleppo Pine. Spreading habit, rapid grower, with gray-green foliage. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Pinus Pinea. Italian Stone Pine. A picturesque tree, forming with age a flat spreading top. 1 gal. containers, 50c; 2 to 3 ft., \$2.00; 3 to 4 ft., \$3.50.

Pinus radiata. Monterey Pine. Our well known native pine. A rapid grower, but often short lived in Southern California. 1 gal. containers, 50c; 3 to 4 ft., \$1.25; 4 to 5 ft., \$2.00.

Sequoia gigantea. California Big Tree. Large tree of fairly rapid growth. Assumes a symmetrical conical shape. Foliage glaucous gray-green. Prices on application.

Sequoia sempervirens. Coast Redwood. A rapid growing tree of upright pyramidal habit. Dark green foliage. One of our best trees. 1 gal. containers, 50c; 2 to 3 ft., \$1.25; 4 to 5 ft., \$2.50.

MONTEREY PINE

Thuja orientalis aurea nana. Dwarf Golden Arbor Vitae. Dwarf, compact and symmetrical. The branchlets retain their golden tints during the entire year. 15 to 18 in., \$1.50; 18 to 24 in., \$2.00 to \$2.50.

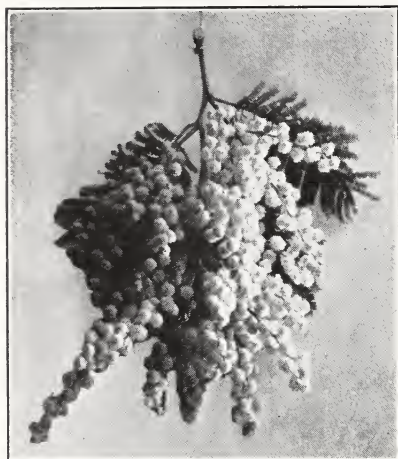

Thuja orientalis elegantissima. Golden Pyramidal Arbor Vitae. The green foliage is golden tipped most of the season. 2 to 3 ft., \$2.50; 3 to 4 ft., \$4.00.

Evergreen Ornamental Trees

Acacia armata. Kangaroo Thorn. Large bushy shrub. Small, dark green spiny foliage. Yellow flowers in late Spring. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Acacia Baileyana. One of the best and a great favorite. Finely divided feathery foliage of a silvery hue. Yellow flowers in midwinter. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Acacia cultriformis. Large spreading shrub. Small triangular, glaucous foliage. Deep yellow flowers in Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

ACACIA BLOSSOMS

Acacia dealbata. Silver Wattle. Upright spreading tree. Fern-like foliage of a silvery-green. Fragrant yellow flowers in late winter. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia decurrens. Green Wattle. Somewhat like *Acacia dealbata* but has bright deep green foliage. Pale yellow flowers in late winter. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia floribunda. Tall, fast growing, round headed tree. Long, narrow, light green foliage, almost continuously in flower. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia longifolia (latifolia). Sydney Golden Wattle. Spreading tree with long undivided leaves. Rapid grower, bright yellow flowers in early summer. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia melanoxylon. Black Acacia. Very much used as a street tree. A symmetrical tree of pyramidal habit. Long flat leaves. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia podalyriaefolia. One of the finest Acacias and the earliest to flower. Foliage rounded. The entire tree has a silvery-white appearance. Flowers are large and a deep yellow. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Acacia saligna. Willow Acacia. Fast growing, drooping habit with willow-like foliage. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Acacia verticillata. Needle Leaved Acacia. Large bushy shrub with foliage somewhat resembling the Spruce. Light yellow flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Bauhinia purpurea. Orchid Tree. A beautiful flowering tree with two lobed leaves. The large flowers vary in color from white to purple with many shadings. 1 gal. containers, \$1.00.

Camphora officinalis. (Cinnamomum Camphora.) Camphor Tree. A handsome tree of spreading rounded form. Glossy green foliage. 1 gal. containers, 2 to 3 ft., 50c; 5 gal. containers, 4 to 5 ft., \$2.00.

Casuarina stricta. She Oak. A slender upright growing tree with reed-like foliage. Resembles the Pine in appearance. 1 gal. containers, 4 to 5 ft., 50c; 5 to 7 ft., \$1.50.

Ceratonia siliqua. St. John's Bread. A splendid ornamental tree of symmetrical habit. Leaves pinnate, with deep glossy green leaflets. 1 gal. containers, 2 to 3 ft., 75c; 5 gal. containers, 3 to 4 ft., \$2.00.

Eucalyptus citriodora. Lemon scented Gum. Tall slender tree with long, slender, lemon-scented leaves. 1 gal. containers, 3 to 4 ft., 50c; 5 gal. containers, 5 to 7 ft., \$1.50.

Eucalyptus corynocalyx. Sugar Gum. Tall, spreading, fast growing tree. 1 gal. containers, 3 to 4 ft., 50c; 5 gal. containers, 5 to 7 ft., \$1.50.

MAGNOLIA GRANDIFLORA

Eucalyptus ficifolia. Scarlet Flowering Gum. Unlike most of the Eucalypts, this is a small tree with large leathery, glossy leaves and large clusters of brilliantly colored flowers. 1 gal. containers, 3 to 4 ft., \$1.00; 5 gal. containers, 4 to 5 ft., \$2.00.

Eucalyptus globulus. Blue Gum. The most widely planted of the Gum trees. Of very rapid growth and attains great size. 1 gal. containers, 3 to 4 ft., 50c; 5 gal. containers, 5 to 7 ft., \$1.50.

Eucalyptus leucocylon rosea. Very ornamental. Has beautiful pink flowers. 1 gal. containers, 3 to 4 ft., 50c; 5 gal. containers, 5 to 7 ft., \$1.50.

Eucalyptus sideroxylon rosea. A very ornamental variety with narrow silvery grey foliage, and deep pink flowers. 1 gal. containers, 3 to 4 ft., 50c; 5 gal. containers, 5 to 7 ft., \$1.50.

Eucalyptus polyanthema. Red Box. A fine variety. Foliage is round and of a silvery hue. 1 gal. containers, 3 to 4 ft., 75c; 5 gal. containers, 5 to 7 ft., \$1.50.

Jacaranda mimosaeifolia. Jacaranda. A beautiful tree when covered with the light blue flowers in early summer. Graceful, light green, fern-like foliage. 1 gal. containers, 75c; 4 gal. containers, 5 to 7 ft., \$2.50.

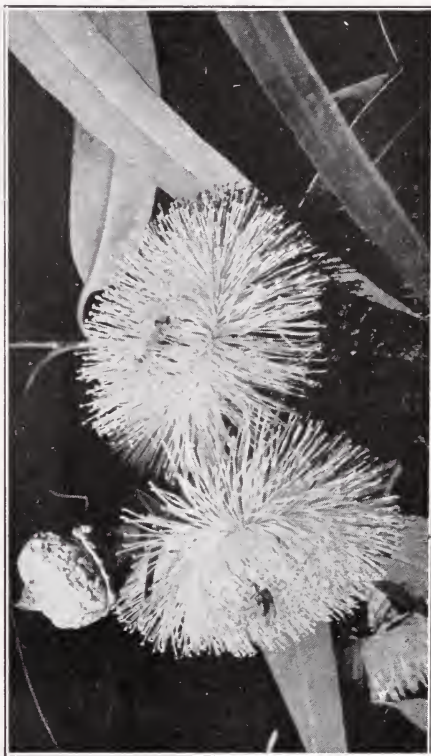

Magnolia grandiflora. Southern Magnolia. A large tree which makes a stately appearance as it grows older. Large, heavy, dark, glossy green leaves. Beautiful white fragrant flowers. 2 to 3 ft., \$1.50; 3 to 6 ft., \$2.50.

BOTTLE TREE

Parkinsonia aculeata. Jerusalem Thorn. Interesting small tree. Bright green bark, feathery like branchlets. Fragrant yellow flowers in Summer. 1 gal. containers, 2 to 3 ft., 75c; 5 gal. containers, 5 to 6 ft., \$1.50.

Quercus agrifolia. California Live Oak. Our magnificent native evergreen oak. Grows much faster than is supposed where given care and soon makes a handsome addition to the landscape. 1 gal. containers, 2 to 3 ft., 75c; 5 gal. containers, 4 to 5 ft., \$2.00.

EUCALYPTUS FLOWERS

Quercus Suber. Cork Oak. More upright in growth than the foregoing and very fine. 1 gal. containers, 2 to 3 ft., 75c; 4 to 5 ft., \$2.00.

Schinus Molle. The well known Pepper Tree. Its finely cut foliage and pendulous branches make it one of our most graceful trees. 1 gal. containers, 3 to 4 ft., 75c; 5 gal. containers, 5 to 6 ft., \$1.50.

Sterculia diversifolia. Bottle Tree. Australia. Erect pyramidal tree, much used for street planting. 5 gal. containers, 4 to 5 ft., \$1.50.

Ulmus chinensis. Evergreen Elm. A beautiful small tree with gracefully drooping branches, and narrow, glossy green foliage. 5 gal. containers, 4 to 5 ft., \$2.50.

Umbellularia californica. California Bay. Another fine native tree with shining dark green foliage, which is strongly aromatic. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Evergreen Shrubs

MAHONIA

Abelia grandiflora. (rupestris.) Graceful summer flowering shrub, with small shiny green leaves. Pinkish white flowers all summer. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Arbutus Unedo. Strawberry Tree. Upright spreading shrub with attractive foliage. Flowers bell shaped in clusters, followed by the red strawberry like fruits. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Aucuba japonica maculata, Gold Dust Plant. A shade loving shrub with large glossy, green leaves, beautifully spotted with deep yellow. \$1.00 to \$2.00.

Azara microphylla. Erect, graceful shrub with very small, glossy, green leaves. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Berberis Aquifolium. (Mahonia). Oregon Grape. Low shrub with shiny green spiny leaves. Flowers in yellow clusters followed by dark purple berries. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Berberis Darwinii. Darwin Barberry. Low shrub with small, glossy green holly-like leaves. The leaves take on reddish tints in winter. Flower clusters orange-yellow followed by dark blue berries. 5 inch pots, 50c.

Berberis japonica. (Mahonia). Somewhat resembles Mahonia Aquifolium, but has thicker stems and larger and stiffer leaves. Likes a shady location. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Berberis Knightii. Bushy shrub with large, bright green prickly leaves. Good yellow flowers. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Berberis Wilsonae. Bushy shrub with small light green leaves. The foliage in Fall assumes beautiful coloring. Light yellow flowers. 1 gal. containers, 50c.

Buddleia asiatica. Like all the Buddleias this is a fast growing shrub of open growth, with grey green leaves and slender spikes of fragrant white flowers. 1 gal. containers, 50c.

Buddleia magnifica. Tall growing with rose-purple flowers. 1 gal. containers, 50c.

Buddleia variabilis. Butterfly Bush. With long, purple spikes of flowers. 1 gal. containers, 50c.

Buddleia Farquharii. Tall, fast growing, with pale rosy-mauve flowers. 1 gal. containers.

Buddleia madagascariensis. Tall, loose growth, with orange colored flowers. 1 gal. containers, 50c.

Buxus japonica. Japanese Box. Very glossy light green leaves. This variety and the following are widely used for formal work; porch and entrance decoration. Flats, \$3.00; 2½ inch pots, 10c; specimens, \$1.50 and up.

Buxus sempervirens. English Box. Slower in growth than Buxus japonica. Leaves smaller and deep green in color. Flats \$3.00; 2½ inch pots, 10c; specimens, \$1.50 and up.

THE CAMELLIA

Buxus sempervirens suffruticosa. Dwarf Box. The dwarf form widely used for edging purposes. Flats, \$3.00; 2½ inch pots, 10c.

Callistemon rigidus. Bottle Brush. Large growing shrub with odd appearance. Leaves long and stiff. Flowers bright red, in shape like a bottle brush. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Camellia japonica. The well known favorite. Slow in growth, with thick, glossy, dark green leaves and exquisite waxy flowers. Double White, Double Pink, Double Red. Prices on application.

Cassia artemisioides. Bushy shrub with finely cut silvery grey foliage and bright yellow flowers. 1 gal. containers, 50c; 5 gal. containers \$2.00.

Cassia floribunda. Large shrub with dark green divided leaves and yellow flowers. 1 gal. containers, 50c; 5 gal. containers, \$2.00.

Ceanothus hybridus. Wild Lilac. Fast growing with large glossy, green foliage, and large trusses of bright, blue flowers. 1 gal. containers, \$1.00; 5 gal. containers, \$2.50 and up.

Ceanothus thyrsiflorus. Of dense growth, covered in early Spring with deep blue flowers. 1 gal. containers, 75c; 5 gal. containers, \$2.50 and up.

Choisya ternata. Mexican Orange. Leaves light green, trifoliate. Flowers white, in great abundance in Spring. 1 gal. containers, 75c; balled, \$1.50 to \$2.50.

Chorizema ilicifolia. An attractive little shrub, with holly-like leaves and having orange red, pea-shaped flowers. 3 inch pots, 25c; 4 inch pots, 40c.

Cistus maculatus. Rock Rose. Low, bushy, spreading shrub. Free flowering. Flowers large, pure white with a brownish spot at the base of each petal. 1 gal. containers, 50c.

Coprosma Baueri. New Zealand. One of the best shrubs for foundation planting. Round, glossy, light green foliage. 1 gal. containers, 35c; 5 gal. containers, \$1.50.

Coronilla glauca. Small shrub with very glaucous foliage and yellow pea shaped flowers in winter. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Cotoneaster Franchetii. China. A spreading shrub with gracefully arching branches. Dark green leaves, the under side of leaves grayish white. Light pink flowers followed by orange red berries. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Cotoneaster horizontalis. A low growing, almost prostrate shrub, with bright green foliage, semi deciduous. Masses of small pink flowers in Spring, which are succeeded by the bright red berries. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Cotoneaster microphylla. Low spreading growth. Small, glossy, dark green leaves. A neat, low growing shrub. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Cotoneaster pannosa. A tall growing shrub with slender, gracefully spreading branches. Grey-green foliage; underside of leaves covered with a silvery down. Flowers are white, followed by bright, crimson berries. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Crataegus angustifolia. (Pyracantha.) Tall, spreading shrub, narrow leaves, grayish in color. Flowers white, followed by bright orange berries which remain during the Winter. 1 gal. containers 50c; 5 gal. containers, \$1.50; specimens, \$2.50 to \$7.50.

Crataegus crenulata. Tall and compact in growth, leaves long, narrow and glossy green. The young growth has a characteristic reddish tinge. White flowers followed

by red berries which color early in the Fall. 1 gal. containers, 50c; 5 gal. containers, \$1.50; specimens, \$2.50 to \$10.00.

Crataegus Lalandii. Large spreading shrub, dark green foliage, white flowers and orange-yellow berries. 1 gal. containers 50c; 5 gal. containers, \$1.50; specimens, \$2.50 to \$7.50.

Crataegus yunnanensis. A vigorous growing form of *Crataegus crenulata*, prostrate in habit and having larger leaves, white flowers, and berries of a bright red color. 1 gal. containers, 50c; 5 gal. containers, \$1.50; specimens, \$2.50 to \$3.50.

Daphne odora. White Daphne. Low shrub of very slow growth. Much prized for the intense fragrance of its creamy, white flowers, which appear in clusters at end of branches. Prices on application.

Daphne odora variegata. Pink Daphne. A variety of the foregoing with pink flowers and white margined leaves. Prices on application.

Diosma Reevesi. Breath of Heaven. A bushy, dense shrub with fine heath-like foliage which has a sweet fragrance. Small starry white flowers in great profusion in Spring. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Duranta Plumieri. Golden Dew Drop. Tall spreading shrub, somewhat tender to frost. Light green foliage. Flowers in racemes, lavender-blue in color. 1 gal. containers, 50c; balled, \$1.50.

CRATAEGUS BERRIES

Erica mediterranea. Compact, erect, shrub, with dark green foliage, deep lavender flowers in Winter. 1 gal. containers, 50c; balled \$1.50.

Erica melanthera. Popularly known as Heather. The finest of all, rapid upright grower, covered in Winter with rosy, pink flowers, which have protruding black stamens. 1 gal. containers, 50c; balled, \$1.50 and up.

Erica persoluta alba. Small compact growth, fine green foliage, and covered in early Spring with white flowers. 1 gal. containers, 50c; balled, \$1.50.

Erica persoluta rosea. A pink variety similar to the above. 1 gal. containers, 50c; balled, \$1.50.

Escallonia montevidensis. Tall, strong growing shrub with glossy green foliage. Pure white flowers in great profusion in Summer. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Escallonia rosea. Large upright growing shrub with green foliage. Bell shaped racemes of pink flowers in Summer. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Eugenia Hookeriana. Tall, fast growing, glossy deep green foliage; young growth has a ruddy color. Greatly admired when covered with its purplish fruits. 1 gal. containers, 50c; 5 gal. containers, \$1.50 to \$3.50; specimens, \$5.00 to \$10.00.

Eugenia myrtifolia. The finest of the Eugenias and much used in trimmed specimens. The young reddish growth is especially beautiful. Smaller foliage than the preceding. Pretty white flowers followed by purple fruits. 1 gal. containers, 50c; 5 gal. containers, \$1.50 to \$3.50; specimens, \$5.00 to \$10.00.

Eleagnus pungens. Large attractive spreading shrub. Large, wavy margined foliage, under side of leaves, silvery bronze in color. Foliage has a somewhat frosty appearance. Variegated forms. 1 gal. containers, 50c; 5 gal. containers, \$2.00.

Euonymus japonicus. Japan. Hardy, bushy, compact shrub with thick, dark green glossy foliage. Has many varieties with different markings. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Euonymus japonicus albo-marginatus. The leaves of this variety have a narrow silvery white margin. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Euonymus japonicus aureo-marginatus. Golden Euonymus. Of compact growth, leaves deep yellow towards the edges, blotched in the center with light and dark green. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Euonymus japonicus aureo-variegatus. Leaves yellow in center, dark green around edges. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Euonymus japonicus luteo-variegatus. (Duc d'Anjou.) Leaves dark green towards the edges, light green and yellow in center. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Euonymus pulchellus. Small leaved Euonymus. A dwarf compact type, with dark green leaves, suitable for edging or very low hedges. 2 inch pots, 10c; balled, \$1.50.

Erythrina Crista-galli. Coral Tree. Produces large spikes of pea-shaped coral red flowers in Summer. Light green leaves. A very striking shrub or small tree. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Fabiana imbricata. Tall upright growing shrub, foliage similar to Erica. Tubular white flowers in Spring. 1 gal. containers 50c.

Gardenia florida (jasminoides). Cape Jasmine. Low shrub with glossy green foliage. Deliciously fragrant flowers, double, waxy white in color. Balled, \$1.00 to \$5.00.

Genista canariensis. Tall, fast growing, light green foliage. Covered with small yellow flowers in Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Genista fragrans. Large, graceful spreading shrub, small leaves, fragrant yellow flowers in Spring. 1 gal. containers 50c; 5 gal. containers, \$1.50.

Genista hispanica. (Spartium junceum). Spanish Broom. Upright, tall, dark green stems, almost leafless. Large yellow flowers in Summer. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Genista monosperma. Tall, slender, drooping silvery stems. Almost leafless. Small white flowers in the Spring. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Grevillea Thelemanniana. A graceful little shrub, dense, finely cut, bright green foliage. Flower clusters pinkish-red. An almost continuous bloomer. 4 inch pots, 25c; 1 gal. containers, 50c.

Hakea laurina. Tall growing shrub with Eucalyptus like leaves. Odd looking flowers, ball shaped, red in color with protruding yellow styles. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Hakea saligna. Willow leaved Hakea. Dense shrub with attractive, slender, light green foliage, the young growth having a pinkish hue. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Hakea suaveolens. Tall dense shrub with stiff, prickly finely cut foliage, of a light green. White flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

OLEANDER FLOWERS

Hakea pugioniformis. Shrub with stiff, prickly, needle like foliage. White flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Helianthemum Chamaecistus. Sun Rose. Dwarf prostrate shrub. Pretty flowers, resembling small single roses. We have this

in white, salmon-pink, and double scarlet flowers. 2 inch pots, 10c; 1 gal. containers, 50c.

Hibiscus Rosa-sinensis. Showy Summer flowering shrub. Large dark green glossy foliage, with brilliantly colored flowers. Single Scarlet, Single Yellow, Peachblow, Double Crimson. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Hydrangea hortensis. Large Summer flowering shrub. Immense flower trusses of a pink shade, but sometimes tints of blue. Likes shade. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Hypericum Moserianum. Low growing shrub. Light green foliage, with large golden yellow flowers with prominent anthers. 1 gal. containers, 50c.

Hypericum patulum Henryi. Resembles the foregoing in foliage and flower, but is a taller, bushy shrub. 1 gal. containers, 30c.

Lantana. Bright flowered sun-loving plants, which are almost continuously in flower. Tender but recovers rapidly after freezing. Tall Pink, Tall Orange Red, Dwarf Yellow, Dwarf Orange Red. 2 inch pots 10c; 4 inch pots, 25c; 1 gal. containers, 50c.

Lantana Sellowiana. Trailing Lantana. A fast growing trailing plant with beautiful lavender flowers. 2 inch pots, 10c; 4 inch pots, 25c; 1 gal. containers, 50c.

MATILIJ POPPY

Leonotis Leonurus. Lion's Tail. Fast growing small shrub with striking deep orange colored flowers in whorls along the stems. 1 gal. containers, 50c

Leptospermum laevigatum. Australian Tea Tree. Large spreading shrub with graceful, slender branches, grayish-green foliage with a great protusion of small white flowers in Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Ligustrum ciliatum. The most attractive of the Privets, of dense growth, leaves thick, dark green and glossy, slightly arching branches. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Ligustrum Henryi. Erect in growth. Pointed dark-green shiny leaves. 1 gal. containers, 35c; 5 gal. containers, \$1.50.

Ligustrum japonicum. Japanese Privet. The largest in growth, large, dark green, leathery leaves. Useful for tall hedges. Flats, \$2.00; 1 gal. containers, 35c.

Ligustrum nepalense. One of the most popular Privets for a medium sized hedge. Small light green foliage, easily trimmed. Flats, \$2.00; 1 gal. containers, 35c; 5 gal. containers, \$1.50.

Ligustrum ovalifolium aureo variegatum. The well known Golden Privet. Flats, \$2.00; 1 gal. containers, 35c; 5 gal. containers, \$1.50.

Melaleuca armillaris. Bottle Brush. Large growing, spreading shrub with Erica like foliage and white flowers. Nearly all the Melaleucas have flowers resembling the small brushes used to clean bottles. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Melaleuca decussata. Open, slender, graceful growth, very small greyish leaves. Lavender flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Melaleuca hypericifolia. Large spreading shrub, with pale green leaves. Large flowers which are orange-red in color. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Melaleuca Huegelii. Leaves are very small and scale-like. More dense in growth than the others. White flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Melaleuca nesophila. Tall bushy shrub. small rounded leaves, lavender pink flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Myrtus communis. Myrtle. One of our finest shrubs, of dense growth, small shiny green leaves, which are highly fragrant. Dainty white flowers in the Spring. Makes a beautiful hedge. 2 inch pots, 10c; 1 gal. containers, 50c; balled, \$1.50.

Myrtus communis microphylla. Small leaved Myrtle. A small compact variety of the above. Makes a very fine low hedge. 2 inch pots, 10c; 1 gal. containers, 50c; balled, \$1.50.

Nandina domestica. A low shrub with upright stems and large divided leaves, which assume beautiful tints of coppery-red in Winter. Quite distinctive. 1 gal. containers, 50c; balled, \$1.50 to \$2.50.

Nerium. The Oleander. An old favorite in California, and comes in many colors, in both double and single flowers. 1 gal. containers, 50c; balled, \$1.00 to \$3.00.

Photinia arbutifolia. California Holly. The well known Christmas Berry. One of our finest native shrubs with dark green foliage. The berries are in clusters and bright scarlet in color. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Pittosporum crassifolium. Tall open shrub, grayish green foliage resembling the Olive in color. Stands exposure and wind. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum eugenioides. Yellowish green leaves with wavy margins. Makes a tall symmetrical growth. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum nigricans (tenuifolium). Resembles *Pittosporum eugenioides* in habit but has smaller and greener leaves with distinct black stems. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum phylliracoides. Has a willow like appearance. Leaves are long and narrow. Makes a tall graceful shrub. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum rhombifolium. A fine tall shrub or tree of upright growth. Bright orange colored fruits, and bright green glossy foliage. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum Tobira. Dense, spreading shrub, with dark glossy green foliage. The fragrant white flowers are very showy. A really good shrub. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum Tobira variegata. A variety of the preceding with white variegated leaves. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum undulatum. Victorian Box. Large shrub or small tree. Large deep green glossy leaves with wavy margins. White fragrant flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Pittosporum viridiflorum. Resembles *Pittosporum tobira* but of more upright growth and having larger leaves. 1 gal. containers, 50c; 5 gal. containers, \$1.50; balled, \$2.00 and up.

Polygala Dalmaisiana. Low, dense, rounded shrub with grey green foliage. Almost continuously in flower. Flowers pea shaped and of a purplish-pink color. 1 gal. containers, 50c; balled, \$2.00.

Prunus caroliniana. Carolina Cherry. An upright growing large shrub or small tree with attractive, bright, shiny green leaves and reddish twigs. 1 gal. containers, 50c; 5 gal. containers, \$2.00.

Prunus integrifolia. Catalina Cherry. Large shrub, with glossy, bright green foliage. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Prunus Laurocerasus. English Laurel. Large, dense shrub with broad glossy leaves of a dark green color. 1 gal. containers, 75c; 5 gal. containers, \$1.50; balled, \$2.50 and up.

Prunus Lusitanica. Portugal Laurel. Large shrub, compact in growth; dark green foliage, brightened by the reddish leaf stems. 5 gal. containers, \$1.50 to \$2.50.

Punica sempervirens. Dwarf Pomegranate. Showy little shrub with small shiny leaves, and almost covered with bright scarlet flowers and bright red fruit during the summer. 2½ inch pots, 10c; 1 gal. containers, 50c.

Raphiolepis ovata. Low, compact shrub of slow growth. Leaves of a dark green leathery lustre. Clusters of fragrant white flowers. 1 gal. containers, 50c; balled, \$1.50.

Rhamnus californica. California Coffee Berry. A fine native shrub. Attractive foliage of a rich glossy green. Coffee-like berries. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Romneya Coulteri. Matilja Poppy. Probably the most beautiful flowering plant native to California. Forms a large bush with silvery-green foliage. Magnificent white, crinkled, poppy shaped flowers of large size. 1 gal. containers, \$1.00; 5 gal. containers, \$2.50.

Salvia Greggii. A low shrub of the Sage family with bright red flowers and small leaves. 1 gal. containers, 75c.

Salvia leucantha. A low, compact sage having large spikes of purple flowers in Winter. 1 gal. containers, 50c.

Streptosolen Jamesonii. Graceful, half reclining shrub with bright orange colored, bell shaped flowers. Somewhat tender. 4 inch pots, 25c; 1 gal. containers, 75c.

Teucrium fruticans. Low spreading shrub with silvery white foliage and pale blue flowers. 1 gal. containers, 75c.

Thymus neriifolia. Large, compact shrub; leaves like the Oleander in shape. Large yellow, tubular flowers. 1 gal. containers, \$1.00.

Veronica decussata. One of the best. Medium in growth, with dense, bright green foliage. Deep blue flowers. 1 gal. containers, 50c.

Veronica speciosa variegata. Strong growing bushy shrub. Violet purple flowers. 1 gal. containers, 50c.

Veronica speciosa imperialis. Bushy and vigorous. Leaves with purple margins and mid-ribs. Flowers amaranth red. 1 gal. containers, 50c.

Viburnum Sandankwa. (suspensum.) Large, spreading shrub. Large glossy green wrinkled leaves. White flowers in early Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Viburnum Tinus. Laurustinus. The well known Winter flowering shrub. Dark green foliage. White flowers in broad clusters during Winter. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

VERONICA

Deciduous Ornamental Trees

Acer dasycarpum. (saccharinum.) Silver Maple. A fast growing tree. Foliage light green. The leaves on the under side silvery. 5 gal. containers, 8 to 10 ft., \$1.50.

Betula alba. European White Birch. Medium sized tree with slender branches. The bark turning white as the tree matures. 5 gal. containers, 4 to 5 ft., \$1.50.

Ginkgo biloba. Maiden-hair Tree. A deciduous conifer from Japan, whose foliage is very similar in shape to the Maiden-hair Fern but much larger. 4 to 5 ft., \$1.00; 5 to 6 ft., \$2.00.

Melia Azedarach umbraculiformis. Umbrella Tree. A quick growing tree which soon forms a dense, umbrella-like head. Leaves finely divided. Flowers lilac in color. 5 gal. containers, \$1.25 to \$3.00.

Platanus orientalis. European Sycamore. Large, rapid growing tree with spreading rounded head and deeply lobed leaves. A splendid tree. 5 gal. containers, 8 to 10 ft., \$2.00.

Platanus racemosus. California Sycamore. More irregular in growth than the foregoing. 6 to 7 ft., \$3.50; 8 to 10 ft., \$5.00.

Populus nigra fastigiata. Lombardy Poplar. Fast growing, tall and columnar in

habit. Older specimens are very picturesque. 5 to 7 ft., \$1.25; 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.50.

Populus deltoides Carolinensis. Carolina Poplar. Upright pyramidal tree. Looser in growth than the Lombardy Poplar with larger leaves. 5 to 7 ft., \$1.25; 8 to 10 ft., \$2.00.

Prunus persica. Flowering Peach. Beautiful Spring flowering trees. The masses of flowers appear before the leaves and make a gorgeous picture. We have the following colors: Pink, White, Red and Variegated. 4 to 6 ft., \$2.50.

Prunus Pissardii. Purple Leaved plum. The foliage of this tree is a deep bronzy purple. Flowers white. 4 to 6 ft., \$2.50.

Robinia Psuedacacia Decaisneana. Pink Locust. A fast growing tree with a profusion of long racemes of pink colored flowers in Spring. 8 to 10 ft., \$2.00.

Salix babylonica. The well known Weeping Willow. A picturesque and graceful tree. 1 gal. containers, 75c.

Ulmus americana. American White Elm. A noble wide spreading tree with graceful arching branches and bright green foliage. 8 to 10 ft., \$2.00.

Deciduous Flowering Shrubs

Caesalpinia Gilliesii. (Poinciana.) Tall shrub. Finely divided feathery foliage. Flowers light yellow with bright red protruding stamens. 1 gal. containers, 75c.

Cydonia japonica. Flowering Quince. Low bushy shrub with bright colored flowers in early Spring just as the leaves begin to appear. White, Pink or Red colors. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Deutzia gracilis rosea. Graceful small shrub with slender branches. Having a profusion of pink flowers in Spring. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Deutzia crenata. Double White Deutzia. Tall, vigorous shrub with a profusion of dainty white flowers in Spring. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Diervilla florida. (Weigela rosea.) Bushy shrub with large attractive foliage. Beautiful clusters of pink trumpet-shaped flowers in Spring. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Kerria japonica. fl. pl. Japanese Rose. Tall, loose shrub with erect, slender, bright green branches and foliage. Flowers are very double and of a deep yellow color. 1 gal. containers, 75c.

Lagerstroemia indica. Crape Myrtle. A large shrub or small tree. Flowers profusely during the Summer. With White or Pink flowers. 1 gal. containers, 75c; 5 gal. containers, \$2.50; specimens, \$5.00 to \$7.50.

Philadelphus coronarius. Mock Orange. Tall, fast growing shrub. Large white flowers in Spring, with a fragrance like Orange blossoms. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Spiraea Reevesiana. (Cantonensis.) Narrow leaved shrub with pure white flowers in Spring. There is also a variety bearing double white flowers. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Spiraea Van Houttei. Graceful arching

branches. Rounded leaves of a good green color. Pure white flowers in early Summer. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Syringa. Lilac. Well known Spring flowering shrubs. White or Purple. 5 gal. containers, \$1.50 to \$2.50.

Tamarix parviflora. (africana.) Tall, slender, graceful shrub with very fine feathery foliage and small pink flowers in early Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Viburnum Opulus sterile. Common Snowball. The well known shrub with round clusters of white flowers in Spring. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

UMBRELLA TREE

Palms and Dracaenas

Chamaerops excelsa. (Trachycarpus.) Windmill Palm. Tall, slim, hairy trunk. Deeply cut, fan-shaped leaves. The hardest of the Palms. 24 to 30 inches, \$2.00; 3 to 4 ft., \$5.00.

COCOS PLUMOSA

Chamaerops humilis. Dwarf Fan Palm. Resembles the foregoing but is much smaller and slower in growth, with brighter leaves. \$1.50 to \$5.00.

Cocos australis. Long arching fronds of a grey-green color. Slow in making a trunk. A fine lawn specimen. \$1.50 to \$5.00.

Cocos plumosa. Plumy Cocos. Tall growing Palm with a smooth trunk, crowned with a plumy crest of long, feathery, bright green fronds. A beautiful Palm and justly popular. Prices on application.

Cycas revoluta. Sago Palm. Palm like, low growing compact plant. The long recurving leaves are stiff and dark shiny green. \$2.50 to \$10.00.

Dracaena australis. Dragon Palm. Tall tree with broad grass like foliage and a slender palm-like trunk. 4 inch pots, 25c; larger sizes, \$1.50 to \$5.00.

Dracaena indivisa. Resembles the above but the leaves are narrower and longer. 4 inch pots, 25c; larger sizes, \$1.50 to \$5.00.

Phoenix canariensis. Canary Island Date Palm. Very widely planted in California. Large, wide spreading palm, making a large trunk. \$1.50 to \$5.00.

Washingtonia robusta. Tall growing palm with large deep green fan-shaped leaves. \$1.50 to \$5.00.

Bamboos, Yuccas, Grasses, Etc.

Agave americana. Century Plant. Makes a huge rosette of large, spiny, sharply pointed, fleshy leaves. 50c to \$5.00.

Bamboo. We have several varieties of the smaller Bamboos, including Phyllostachys nigra, Phyllostachys aurea, Arundinaria japonica, and Bambusa Philapense. Strong clumps, \$1.50.

Cyperus alternifolius. Umbrella Plant. Used around pools and near water. Tall stems, at the top of which the leaves form an umbrella like head. 1 gal. containers, 50c.

Cyperus Papyrus. (Papyrus Antiquorum.) Egyptian Paper Plant. Taller and more graceful than the preceding. 1 gal. containers, 75c.

Dendrocalamus latiflorus. Giant Bamboo. Makes a dense clump, stems 2 or 3 inches in diameter and 50 feet tall with broad leaves. \$2.50 and up; large specimen clumps, prices on application.

Gynerium argenteum. Pampas Grass. Grows into a large clump. Very striking when bearing its large silvery plumes. 1 gal. containers, 50c; 5 gal. containers, \$1.50; prices of specimen on application.

Musa Ensete. Abyssinian Banana. This Banana has immense broad leaves with a reddish mid-rib, growing from a stout trunk. Very tropical in appearance. \$1.50 to \$5.00.

Musa sapientum. Fruiting Banana. Grows in clumps. Taller and more slender than the preceding. \$1.50 to \$5.00.

Phormium tenax. New Zealand Flax. Stemless plant with fine decorative foliage. Long, sword shaped, upright green leaves. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Phormium tenax variegata. A variety of the preceding with white striped foliage. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Yucca pendula. Long, broad, heavy leaves, dark green and drooping. Spikes of creamy white flowers. \$1.00 to \$5.00. Prices of large sizes on application.

Yucca whipplei. The native of our hillsides and a beautiful sight when in flower. Has a very tall, slender spike of flowers, makes no stem and has long narrow leaves. \$1.00.

Climbing and Trailing Plants

Ampelopsis quinquefolia. Virginia Creeper. A self climbing vine. The leaves have five leaflets and the foliage assumes tints of red in Fall. Deciduous. 3 inch pots, 15c; 1 gal. containers, 35c.

Ampelopsis sempervirens. (*Cissus striata*.) Evergreen Ampelopsis. Leaves much smaller than the preceding, dark green and palmate in shape. 4 inch pots, 25c; 1 gal. containers, 75c.

Ampelopsis Veitchii. (*tricuspidata*.) Boston Ivy. Leaves three lobed. The foliage takes on yellow-red shades in Fall. Deciduous. 3 inch pots, 15c; 1 gal. containers, 35c.

Bignonia Cherere. A beautiful climber with good green foliage and large tubular, blood-red flowers. 1 gal. containers, 75c; 5 gal. containers, \$2.50.

Bignonia venusta. A handsome Winter flowering climber. Leaves of three leaflets and tubular flowers of bright orange. 1 gal. containers, 75c; 5 gal. containers, \$2.50.

Bignonia violacea. Strong growing climber with fine glossy-green foliage and clusters of trumpet shaped flowers of a lavender-blue color. 1 gal. containers, 75c; 5 gal. containers, \$2.50.

Bougainvillea braziliensis. Strong growing climber with bright green leaves and very showy flowers of a pinkish-purple. 1 gal. containers, 75c; 5 gal. containers, \$2.50.

Bougainvillea Crimson Lake. Has very showy flowers of a brilliant crimson lake color and is much better than the foregoing \$2.50 to \$5.00.

Gelsemium sempervirens. Carolina Yellow Jasmine. Fast growing, slender climber with glossy green foliage and very fragrant, golden yellow, bell shaped flowers in Winter. 1 gal. containers, 75c.

Ficus repens. Climbing Fig. A small leaved self-climbing vine, which makes a dense cover on the surface to which it is growing. 2 inch pots, 10c; 4 inch pots, 25c.

Hedera Helix. English Ivy. The well known plant which is very useful for many locations, as it is a good climber on brick or stone work. Will make a fine screen if trained on a fence; makes a good ground cover under trees where grass will not grow, and is also good on a steep bank. 2½ inch pots, 10c; 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Jasminum grandiflorum. Catalonian Jasmine. This climber has bright green foliage and white flowers of fine fragrance, and is nearly always in flower. 1 gal. containers, 50c.

Jasminum primulinum. Yellow Jasmine. A strong growing vine, with a profusion of primrose-yellow flowers during late Winter and early Spring. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Lonicera japonica Halliana. Japanese Honeysuckle. Fast growing, dense climber, with bright green foliage. Fragrant white flowers which change to yellow. 4 inch pots, 25c; 1 gal. containers, 50c.

Lonicera sempervirens. Large leaved, strong growing climber, with tubular coral red flowers. 4 inch pots, 25c; 1 gal. containers, 50c.

Plumbago capensis. May either be used as a vine or a spreading shrub. Has beautiful Phlox like flowers of an azure-blue shade. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Rynchospermum jasminoides. A slow growing climber with thick, dark, glossy green leaves and clusters of very fragrant white flowers. 4 inch pots, 50c; 6 inch pots, \$1.00.

Sollya heterophylla. New Zealand Blue-Bell. Low climber or makes a fine prostrate shrub. Flowers are small, bell shaped and blue in color. 1 gal. containers, 50c; 5 gal. containers, \$1.50.

Tecoma australis. Very vigorous in growth. Beautiful dense foliage. Creamy white flowers. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Tecoma capensis. A shrubby climber with beautiful orange red flower clusters. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Tecoma jasminoides. Strong growing vine with dark green foliage and white tubular flowers, with a rosy pink throat. 1 gal. containers, 75c; 5 gal. containers, \$2.00.

Vinca major. Periwinkle or Trailing Myrtle. This trailing plant makes a good ground cover and is also much used for window boxes and hanging baskets. There is also a variety with variegated leaves. 3 inch pots, 15c; 4 inch pots, 25c.

Wistaria chinensis. Chinese Wistaria. Fast growing, deciduous, twining climber with compact, pendulous racemes of light purple flowers before the leaves appear. 5 gal. containers, \$1.50 to \$5.00.

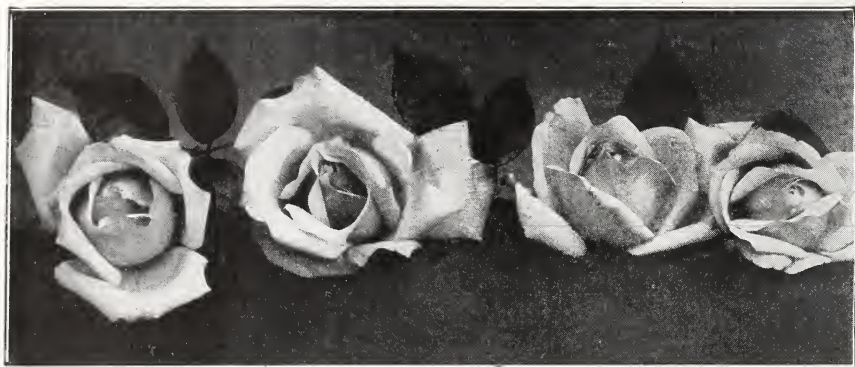

Wistaria multijuga. Japanese Wistaria. Differing from the Chinese Wistaria in the much longer and looser racemes which appear along with the young foliage. Comes in Light Purple, White and Pink shades. 5 gal. containers, \$1.50 to \$5.00.

BOSTON IVY

Roses

We do not attempt to list all the varieties which we stock, but only some of those which have proven well worth while in Southern California. They are strong two-year-old stock. Price, 75c each, unless otherwise marked.

America. Bright rose pink. \$1.00.
Cecil Brunner. Tiny pink baby roses.
Columbia. Bright glowing pink.
Constance. Deep rich orange, chrome shadings.
Crusader. Deep glowing crimson.
Frau Karl Druschki. Snowy white.
Gen. McArthur. Bright crimson.
Golden Emblem. Golden yellow. \$1.25.
Golden Ophelia. Bright yellow.
Hadley. Rich velvety crimson.
Hoosier Beauty. Dark velvet red.
H. V. Machin. Rich scarlet crimson.
Irish Fireflame. Single orange crimson.
Kaiserin Augusta Victoria. Creamy white.
K. of K. Semi-single. Pure vivid scarlet.
Lady Hillingdon. Deep apricot yellow.
Lolita Armour. Shades of gold, coral and copper.
Los Angeles. Salmon-pink toned with coral.
Louise Catherine Breslau. Coral red toned with chrome yellow.
Mme. Abel Chatenay. Carmine pink.
Mme. Edouard Herriot. Coppery, orange, coral red.
Mme. Butterfly. Pink, apricot gold shadings.
Mrs. Aaron Ward. Rich orange yellow.
Mrs. Chas. Russell. Deep rose crimson.
Mrs. S. K. Rindge. Rich chrome yellow.
Ophelia. Creamy rose.
Radiance. Silvery pink.
Red Radiance. Rich rosy red.
Rose Marie. Pure rose pink.
Sunburst. Orange yellow.

Souv. de Claudius Pernet. Sunflower yellow. \$1.50.

Souv. de Georges Pernet. Oriental red, shading to cochineal carmine at margins of petals. \$1.50.

W. F. Dreer. Yellow and pink shades.

Climbing Roses

Banksia. Rapid growing; white in color.
Belle of Portugal. Shell pink.
Caroline Testout. Silvery pink.
Cecil Brunner. Pink. Very strong grower.
Cecil Brunner. Yellow. A variety of the above.
Cherokee. Comes in red, pink or double white.
H. V. Machin. Rich scarlet crimson.
Hoosier Beauty. Crimson-scarlet.
Lady Hillingdon. Deep apricot yellow.
La France. Silvery pink.
Lamarque. Fine white.
Pauls Scarlet. Vivid, dazzling scarlet.
Sunburst. Orange-yellow.
Tausendschon. Pink, shaded rosy-carmen.
Winnie Davis. Salmon pink.

HARDY FERNS

Alsophila australis. Tree Fern. \$2.00 to \$10.00.

Cyrtomium falcatum. Holly Fern. 4 inch pots, 25c; 6 inch pots, 75c.

Nephrolepis exaltata. Sword Fern. 3 inch pots, 20c; 4 inch pots, 35c.

Pteris. Many varieties. 4 inch pots, 25c; 5 inch pots, 50c.

Woodwardia radicans. Chain Fern. 1 gal. containers, 75c; 5 gal. containers, \$1.50.

Bedding, Border and Miscellaneous Plants

Agapanthus umbellatus. Blue Nile Lily. 1 gal. containers, 50c.

Agathaea coelestis. Blue Marguerite. 2 inch pots, 10c; 3 inch pots, 15c.

Amaryllis Belladonna. Belladonna Lily. 1 gal. containers, 50c.

Antirrhinum. Snapdragon. In many colors. In flats, 35c per dozen, \$2.50 per 100.

Aquilegia. Columbine. 2½ inch pots, 10c, \$1.00 per dozen.

Aralia japonica. 5 inch pots, 35c; 6 inch pots, 75c.

Asparagus Sprengeri. 4 inch pots, 25c; 5 inch pots, 50c.

Aster. Annual. In many colors. In flats, 35c per dozen; \$2.50 per 100.

Begonia semperflorens luminosa. In flats, 50c per dozen; 4 inch pots, 25c.

Begonia semperflorens Prima Donna. In flats, 50c per dozen; 4 inch pots, 25c.

Caladium esculentum. Elephant's Ear. 1 gal. containers, 50c.

Centaurea candidissima. Dusty Miller. 50c per dozen; \$3.00 per 100.

Centaurea cyaneus. Bachelor's Button. In flats, 35c per dozen.

Cineraria. In many colors. 3 inch pots, 15c; 4 inch pots, 25c.

Coreopsis grandiflora. In flats, 50c per dozen; 4 inch pots, 25c.

Cosmos. Red, Pink and White. In flats, 35c per dozen; \$2.50 per 100.

Cuphea hyssopifolia. 2 inch pots, 10c; 3 inch pots, 15c.

Cyclamen. 4-in to 6-in. pots, 75c to \$2.00.

Delphinium. Perennial Larkspur. 4 inch pots, 35c.

Dianthus caesius. Baby Pinks. 2 inch pots, 10c; 3 inch pots, 15c.

Digitalis. Foxglove. Various colors. 4 inch pots, 20c.

Fuchsia. Many varieties. 1 gal. containers, 50c.

Gaillardia grandiflora. 2 inch pots, 10c; 4 inch pots, 20c.

Gazania. Yellow and Orange. In flats, 50c per dozen; \$3.00 per 100.

Geranium. Many varieties. 3 inch pots, 15c.

Gerbera Jamesonii. Transvaal Daisy. 4 inch pots, 25c; 1 gal. containers, 50c.

Geum. Red and Yellow. 3 inch pots, 15c; 4 inch pots, 25c.

Heliotrope. 4 inch pots, 25c; 1 gal. containers, 50c.

Hemerocallis. Day Lily. Several varieties. 4 inch pots, 25c; 1 gal. containers, 50c.

Hollyhock. Several colors. 4 inch pots, 25c.

Iris. Several varieties. 10c to 50c each.

Lavandula vera. Lavender. 3 inch pots, 15c; 1 gal. containers, 50c.

Marguerite. White and Yellow. 2 inch pots, 10c; 4 inch pots, 25c.

Marigold. French and African. In flats, 35c per dozen; \$2.50 per 100.

Pansy. In mixed colors. 35c per doz.

Pentstemon. Several colors. 2 inch pots, 10c; 4 inch pots, 25c.

Petunia. Single and double fringed. 3 inch pots, 15c; 4 inch pots, 25c.

Phlox. Perennial. In many colors. 4 inch pots, 25c; 1 gal. containers, 50c.

Platycodon grandiflora. Balloon Flower. 1 gal. containers, 35c.

Poinsettia pulcerrima. 4 inch pots, 25c; 1 gal. containers, 50c.

Primula malacoides. 2 inch pots, 10c; 3 inch pots, 15c.

Primula obconica. 3 inch pots, 15c; 4 inch pots, 25c.

Rosmarinus officinalis. Rosemary. 1 gal. containers, 50c.

Shasta Dairy. 3 inch pots, 15c.

Stocks. In several colors. In flats, 35c per dozen; \$2.50 per 100.

Statica Perezii. Sea Lavender. 4 inch pots, 25c; 1 gal. containers, 50c.

Strelitzia Reginae. Bird of Paradise Flower. Prices on application.

Verbena. Separate colors. 2 inch pots, 10c.

Viola. Tufted pansy. 35c per dozen.

Zinnia. Dahlia Flowered. In flats, 35c per dozen; \$2.50 per 100.

CYCLAMEN

Calendula. Pot Marigold. 35c per dozen; \$2.50 per 100.

Campanula medium. Canterbury Bells. 3 inch pots, 15c; 4 inch pots, 25c.

Cannas. All the best colors. 10c to 50c each.

Carnat'on. Pink, Red and White. 2 inch pots, 10c

Citrus and Semi-Tropical Fruits

Oranges

Washington Navel. The most popular of all oranges. Ripens from December to April. \$1.50 to \$2.50.

Valencia. Ripens from May to October, thus following the Washington Navel and making it possible to have oranges the year round. \$1.50 to \$2.50.

Kuby Blood. Flesh streaked with red, which shows through the rind when ripe in a reddish blush. Ripens February to April. \$1.50 to \$2.50.

Grapefruit. Marsh's Seedless. This is the best variety, practically seedless and a good bearer. Ripens February to September. \$1.50 to \$2.50.

We also have a fine selection of the above Citrus Fruits in large specimens. Prices on application.

Dancy Tangerine. A good bearer with orange red fruit. Ripens February to May. \$1.50 to \$2.50.

Willow Leaved Mandarin. Deep yellow flattened fruit. The symmetrical growth and willow like foliage make it a highly ornamental tree. Ripens January to May. \$1.50 to \$2.50.

Satsuma. Dwarf hardy tree with flattened fruit or fine flavor. Ripens November to April. \$1.50 to \$2.50.

Kumquats. A very ornamental dwarf tree, very symmetrical in growth, and bears profusely small olive shaped fruit, golden yellow in color. The entire fruit is edible and it also makes excellent preserves. \$2.50 to \$5.00.

Avocados

Fuerte. One of the leaders. Fruit is of good quality and excellent flavor, 12 to 14 oz. in weight, with a smooth green skin. Ripens January to June.

Puebla. Another vigorous, hardy variety, with richly flavored fruit, 10 to 12 oz. in weight, with a smooth dark purple skin. Ripens December to February.

Dickinson. Fruit has a warty skin, purple in color, is of fine quality and flavor. Averages about 12 oz. in weight. Ripens June to August.

We carry many other varieties, but we recommend the above three, which have proved good and give a fine succession of fruit. Strong vigorous balled plants \$5.00 each. Prices of large sizes on application.

Guavas

Red Strawberry Guava. (*Psidium Cattleianum*.) Makes a tall shrub which is quite ornamental. Fruit is dark red in color and strawberry flavored. 1 gal. containers, 50c; balled, 2 to 3 ft., \$1.50.

Yellow Strawberry Guava. Has larger fruit and is of a sweeter flavor than the red variety. 1 gal. containers, 50c; balled, 2 to 3 ft., \$1.50.

Feijoas

Feijoas. (Feijoa Sellowiana.) Pineapple Guava. A tall, spreading shrub. Attractive grey-green foliage, with showy flowers. Fruit is green in color and of a delicious flavor. **Seedlings.** These have been culled out in the field and all have large fruits. Strong bushy plants, \$2.50.

Choiceiana. A budded variety. Large, oblong fruits of fine flavor. \$2.50 to \$3.50.

KUMQUATS

Olive. Mission. The original variety introduced by the Spanish padres and planted around the old missions. \$1.00 to \$1.50.

Loquats. (*Eriobotrya japonica*.) A spreading tree with large, dark green foliage and yellow fruits. Used for jellies and sauces. The following varieties have larger fruits than the seedling type: Advance, Champagne, Thales. Balled, 2 to 3 ft., \$2.50.
